Professional Summary

A passionate and driven Computer Science graduate with a strong interest in software development, system administration, and problem-solving. I enjoy working on real-world projects that improve efficiency and simplify processes. Through my academic journey and hands-on experience, I have developed skills in programming, database management, and cloud technologies. I thrive in collaborative environments, learning from others while contributing my expertise. My goal is to continuously grow as a tech professional and leverage my skills to build innovative solutions. Joining the CMI Global Graduate Trainee Program would provide the perfect opportunity to refine my abilities and make a meaningful impact.

Education

Bachelor of Science in Computer Science
UNIVERSITY OF ELDORET 2025

- Relevant coursework: Software Engineering, Database Systems, Network Security, Artificial Intelligence, Cloud Computing

---

Technical Skills

- Programming Languages: Python, Java, JavaScript, C++

- Web Development: HTML, CSS, React, Node.js

- Databases: MySQL, PostgreSQL, MongoDB

- Tools & Platforms: Git, Docker, Kubernetes, AWS

- Networking & Security: TCP/IP, VPN, Firewalls, Ethical Hacking

- Software Development: Agile Methodologies, Object-Oriented Programming (OOP)

Work Experience

IT Support & Systems Assistant
[University Computer Labs] – [4month]

- Assisted in troubleshooting hardware and software issues for students and faculty.

- Managed and maintained network infrastructure, ensuring minimal downtime.

- Developed automation scripts to enhance system efficiency.

- Provided technical support for online learning platforms and lab equipment.

Projects

Patient Management System

- Developed a web-based system for hospitals to manage patient appointments and notifications.

- Integrated SMS notifications for patient updates.

- Implemented a secure authentication system for data privacy.

E-Commerce Website

- Designed and built a full-stack web application for online shopping.

- Implemented a secure payment gateway and inventory management system.

Certifications

- AWS Certified Cloud Practitioner

- Cisco Certified Network Associate (CCNA)

- Certified Ethical Hacker (CEH) – Beginner Level

Soft Skills

- Problem-Solving & Analytical Thinking

- Team Collaboration & Leadership

- Adaptability & Quick Learning

- Effective Communication

Extracurricular Activities

- Member of the University Coding Club – Organized hackathons and coding challenges.

- Volunteer IT Trainer – Taught digital literacy skills to students and community members.

Languages

- English (Fluent)

- Swahili (Fluent)
